Dear Mr. Tan,

This is just a note to thank you for your generous donation of 1000 expired condoms to use for our CAP training classes. Now we won't have to feel guilty about using up our supply for training purposes.

A few of the students saw them when they arrived, and really think it is cool that they are several different colors. In fact they were disappointed when they heard that they weren't for handing out to our CAP graduates. (I might have to consider that when I can order some more to give out.)

Anyway, thanks again for caring about the health of these kids. We really appreciate it.

Best regards,

Cheri Sandberg, NP
Health Specialist
